

1. K-LOVE serves our community with current news, weather and great family-friendly christian music. The broadcasts are always positive and encouraging us to have a great day. They are very uplifting to the spirit.
2. K-LOVE supports wholesome values and has positive and encouraging impact on communities all across America. If it is replaced by some other LPFM station that is not so family oriented and positive, hundreds of thousands of listeners will be deprived of one great uplifting influence in their lives.
3. Every community in this uncertain world we live in now needs all the positive, encouraging influences possible. K-LOVE music and comments provide this positive influence. Please do not let some LPFM stations replace the K-LOVE stations.
